ETSI SIP test suite with MessageMagic

MessageMagic – demo

1. Use MessageMagic's solution for SIP suite
2. Import actual TTCN3 scripts for SIP published by ETSI; no changes are needed in ETSI scripts
3. Teach MessageMagic to use ETSI SIP scripts
 - Encoding rules
 - External module parameters
4. Test case management
 - Select test cases to run
 - Create test campaign
5. Run test campaign.
